

Please Pray And Fast During "40 Days For Life" With Americans Throughout Our Nation

Day 29 - October 22, 2008

Woe to those who call evil good and good evil, who put darkness for light and light for darkness, who put bitter for sweet and sweet for bitter. Isaiah 5:20

Heavenly Father, deception abounds in the life issues arena! Pro-abortionists say abortion is good when it kills the unborn and leaves emotional scars on all those involved. Proponents of cloning say there is a difference in reproductive cloning and cloning for research, when the difference is how the clone is used not how it was made – same procedure. Have mercy on all those confused by the deceptive language being used by the Culture of Death. May they be enlightened to the truth.

Dear Jesus, of all the deceptions, those surrounding embryonic stem cell research are the most enticing. I pray for all our lawmakers that they will stop buying in to the hype of "potential" and realize that the motive for tax funding is greed not philanthropy.

Come Holy Spirit. The definition of contraceptive is "prevents conception". In the early 60's, the FDA changed the definition of conception to implantation instead of fertilization so research and drug companies could make money on selling contraceptives that prevent the young embryo from implanting in the womb and so dies. Enlighten those who take contraceptives to these facts. Grant all Americans the wisdom to look for the real motivation and truth behind the deceptions of the Culture of Death.

Day 30 - October 23, 2008

A simple man believes anything, but a prudent man gives thought to his steps. Proverbs 14:15

Heavenly Father, You have bestowed upon man the awesome opportunity to be prudent, to discern our true good in every circumstance and to choose the right means of achieving it. Have mercy on all those who believe in the Communist philosophy "The ends justify the means." Instruct them that they are to direct their conduct in accordance with the judgment of their conscience.

Dear Jesus, so many times I read comments about embryonic stem cell research such as, "If it helps people out, I'm for it." I pray for these people that they may receive the insight to distinguish between adult stem cells that harm no one and has 73 treatment areas and embryonic stem cell research that requires the destruction of human life and has not helped anyone.

Come Holy Spirit. Counsel us in our decisions, especially those who have an abortion scheduled, the pro-abortionists, those in favor of embryonic research, and caregivers of the cognitively disabled and terminally ill. Reveal a prudent course of action.

Day 31 - October 24, 2008

Therefore I tell you, do not worry about your life, what you will eat or drink; or about your body, what you will wear. Is not life more important than food, and the body more important than clothes? Look at the birds of the air; they do not sow or reap or store away in barns, and yet your heavenly Father feeds them. Are you not much more valuable than they? Matthew 6:25-26

Heavenly Father, there is so much work to do to make all Americans aware of the life issues before us. Forgive us for being overly concerned for our own pleasures at the expense of working for a Culture of Life.

Dear Jesus, I trust in You. What do you want me to do for life! I am ready to give of my time, talents, and treasure knowing that I do not have to worry about my life for you will take care of my needs. I pray especially for crisis pregnancy parents that they will put their concerns into Your loving hands.

Come Holy Spirit upon all judges that they hold the inalienable right to life for all human beings above all other rights. Inspire us to channel the time spent on worrying to working for life.

Day 32 - October 25, 2008

Before I formed you in the womb I knew you... Jeremiah 1:5

Heavenly Father, how awesome is Your creation of human life! You know us and so we exist and human life is sanctified. How foolish we are to be a nation that has aborted 1/7th of its population - for every six people one aborted! Have mercy on us for we have eliminated many of our future leaders, teachers, scientists, ... Only You know what they would have become and what their contribution to society would have been.

Dear Jesus, I pray for pro-abortionists that they might stop and think of the talents and love of which they have robbed our nation.

Come Holy Spirit. Enlighten all those who deny the right to life to the unborn that they have denied life to those who would now be doctors, lawyers, servicemen, pastors, good parents, moral leaders, ... perhaps the one who had the cure for AIDS.
